DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on August 7th, 2008 has been entered.

Information Disclosure Statement

The information disclosure statement filed on August 7th, 2008 has been considered by the examiner.

It is noted that Hughes Technology Limited is the reference most closely related to the current application, but it appears that the measuring means of Hughes' fast particle generating apparatus actually views the surface of the target ring, and does not measure light generated by the target.

Allowable Subject Matter

Claims 1-4 are allowed over the prior art of record for the reasons set forth in the previous Office Action (paper number 20080320).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to KARA E. GEISEL whose telephone number is (571)272-2416. The examiner can normally be reached on Monday through Friday, 10am to 6pm.
